Commissioner for Patents
PO Box 1450
Alexandria, VA 22313-1450

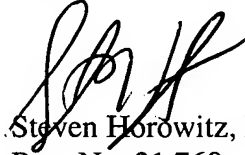

Dear Sir/Madam:

Enclosed is an Information Disclosure Statement that contains three references received by my office recently, i.e. within the last 30 days, from the USPTO receiving office as part of an international search report for an international patent application no. PCT/US2004/011033 under the PCT having publication no WO 2005/047626 A2 that claims priority from the above referenced application, although the claims in the international application differ significantly from the amended claims under consideration herein.

I hereby state that with respect to the enclosed Information Disclosure Statement, no item of information contained in the information disclosure statement was cited in a communication from a foreign patent office (my assumption is that the US receiving

office is not considered a foreign patent office) in a counterpart foreign application. In addition I state that to my knowledge after making reasonable inquiry no item of information contained in the information disclosure statement was known to any individual designated in section 1.56(c) more than three months prior to the filing of this information disclosure statement.

Very truly yours,

A handwritten signature in black ink, appearing to read 'S. Horowitz', is written over the printed name.
